

# PUMP DISPENSER

## ● SHELF IMPACTING

World-wide recognised as industry standard  
Wide range of colours and off-set printing decorations  
50 or 100 ml size available

## ● UNIQUE PERFORMANCE

Ideal to dispense a wide range of viscous formulations  
Self reclosing actuator for a clean and perfect dispensing  
Internal shutter valve to protect the content until the first use  
Surface or deep stripes options  
Tamper evident tab  
2 ml dose

### CONFIGURATION

Component	Material
1 Overcap	PP
2 Actuator	PP
3 Head	PP
4 Bellow	EVA
5 Body	PP
6 Piston	LDPE
7 Retainer	Aluminium alloy
8 Bottom disk	PP

## ● EASY FILLING

Easy filling on conventional tube fillers with minor modifications

## ● HIGH QUALITY STANDARDS

Quality ensured through SPC and 100% automatic Q.C. on line

### CLEAN DISPENSING

The self reclosing actuator provides a neat and clean dispensing

### TAMPER EVIDENT

The tamper evident tab ensures product integrity until first actuation

### EASY FILLING

The pump dispenser can be filled by using standard tube fillers with minor modifications. Low pressure is required to insert the piston

### VISCOSITY RANGE

The pump dispenser can easily dispense a wide range of viscous products
